

The Kirv logo consists of the letters 'K', 'I', 'R', and 'V' in a bold, black, sans-serif font. Each letter has a white, stylized shape cut out of its center, resembling a modern architectural or industrial design. The background of the entire image is a close-up of a curved, orange-brown lattice structure, possibly made of wood or metal, with a grid-like pattern of intersecting lines.

THE SHAPE OF THINGS TO COME

kirv.co.uk

KIRV

The ergonomically designed range of steel outdoor furniture from Kirv will create a buzz in any outdoor space. Each stunning piece can be made fully site specific and being made from stainless steel means there's no time consuming maintenance.

You can choose from polished stainless steel, or a range of zesty or muted powder coated finishes to either contrast with, or complement existing colour schemes.

KIRV

Kirv Lo-Rise

The beautiful proportions of our kirv lo-rise stainless steel bench will create an eye-catching focus wherever you use it. Its open form won't dominate your planting, while its architectural design will create dramatic shadows throughout the day.

Our kirv bench comes in a standard 1.8 meter length, but can be made longer if required. Additionally the curve of the bench can be adapted to fit any radius.

Features

A designer piece that's durable, weather resistant and can be made fully site specific.

Dimensions

62cm high x 73cm from back foot to front of bench.
Standard length 176cm.

KIRV

Kirv Hi-Rise

Our hi-rise metal bench offers an elegant alternative to our low-back style. Its elongated teardrop profile rises to a comfortable shoulder height creating a dramatic backrest. Like its smaller cousin, our lo-rise bench, its open form allows planting to breath while providing a bold focus for any outdoor area.

Its stylised shape will be as effective on lawns, or hard landscaping. Handmade from stainless steel its available in a choice of RAL colours or polished stainless steel.

Features

A stylish, ergonomic bench that can be made fully site specific.

Dimensions

100cm from back foot to front of bench x 100cm high x 187cm long.

KIRV

Kirv Bench

Our kirv benches add a splash of colour and designer style to any outdoor space. Designed as a sociable seating system they can be used with a tabletop, around trees or both.

Their gentle curves provide comfortable seating throughout the year thanks to their durable rust resistant stainless steel form, while their open structure creates dramatic shadows and won't overwhelm any planting. The benches come in two halves for easy fitting and cleaning beneath them, it also makes them easy to move.

They are made to a standard 170cm diameter, but can be made to any radius. For an individual quote, where the bench is to be used as a tree seat, please supply us with the circumference of your tree, 60cm from the ground.

Features

Perfect for communal areas, the kirv bench provides stylish maintenance-free seating.

Dimensions

62cm high x 170cm diameter with an internal diameter of 45cm.

KIRV

Kirv Nest

Bring art to life in your outdoor space with our amazing kirv nest seat. It lovingly cocoons you in a swirl of metal, creating a private space for you to escape the outside world.

From the inside the intersecting ribbons of metal frame the view from all directions, creating small captions of your garden for you to enjoy. From outside the nest is a sculptural feast to be enjoyed through all seasons. The hanging fabric seat is made from a durable acrylic material, can be left outside in all weather and is easily cleanable. It can be fixed at two heights either for sumptuous lounging or sitting comfortably. Its spacious dimensions mean the seat is perfect for sharing, or for quietly willing away a summer's afternoon.

Features

The nest seat is made from electro-polished stainless steel. The fabric seat is made from acrylic, is weather-proof and stain resistant.

Dimensions

140cm wide x 150cm high.

KIRV

Kirv Spheres

Punctuate your lawns or hard landscaped areas with our decorative garden spheres. Made from polished stainless steel they add interest wherever they're used.

For impact in any outdoor space, choose one of our spectacular giant spheres. Available up to 200cm in diameter their stunning form contrasts with the natural beauty of Mother Nature, while reflecting the ever changing light and seasons.

Features

Made from stainless steel these spheres come in a range of standard sizes from 40cm to 80cm. Please contact us with your size requirements for giant spheres.

Dimensions

Standard sizes 40cm / 50cm / 60cm / 80cm diameter.

colours and finishes

All seating is hand made from 304 grade stainless steel, which can either be finished with an electro-polish, or powder coated in our choice of RAL colours.

After powder coating all colours are overcoated with a lacquer to add lustre and depth to the finish.

Standard colours:

1016 Sulfur Yellow

2004 Pure Orange

3003 Ruby Red

6018 Apple Green

9010 Pure White

9005 Jet Black

Other RAL colours are also available for a small extra cost.
